Overensstemmelseserklæring / produktdatablad

Product: Kraft Print 35g 30x40 a'500

Identification of raw materials: white paper 35gsm, ink

The above-mentioned the product is produced in accordance with the principles of good manufacturing practice and does not cause the penetration of their ingredients into food in quantities that may pose a threat to human health or cause unacceptable changes in the composition of food or deterioration of its organoleptic properties. Both the products and the raw materials used for their production are intended for contact with food and meet all mandatory requirements of national and European Union legislation for this type of products, as amended.

1. Regulation (EC) No. 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and products intended to come into contact with food;
2. Commission Regulation (EC) No. 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food;
3. Council Directive 94/62/EC on packaging and packaging waste (as amended by Directives 2004/12/EC, 2005/20/EC);
4. BFR Recommendations XXXVI. Paper and cardboard for food contact;
5. Regulation (EC) 1907/2006 - concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH);
6. Code of Federal Regulations, Food and Drugs (FDA), 21 CFR Ch. I §§ 176.170 and 176.180.
7. French Legislation, the paper conforms to the French Decree no. 2007-766 regarding the application of the consumer code, which concerns materials and articles intended to come into contact with food and fulfills the requirements of the DGCCRF - Fiche MCDA n°4 (V02- 01/01/2019) Food contact suitability of plant fibre-based organic materials intended to come into contact with food.
8. The paper listed above meets the requirements of the NF T51-800:2015 standard and is thus regarded as organically recoverable, i.e. recoverable through home composting.

Chemical additives used as raw materials in the production process comply with Recommendations XXXVI BfR or FDA article 21§ 176.170, §176.180;

Dobis Sp. z o. o. declares that the above-mentioned the product meets the requirements of the European Parliament and the Council 94/62/EC regarding heavy metals. The sum of the concentrations of lead, cadmium, mercury and chromium (VI) is well below the limit of 100 ppm.

Dobis Sp. z o. o. confirms that the paper mentioned above may be intended for contact with dry, moist and fatty foodstuffs. Designed for food packaging, food transfer.

Printed paper:
